Arizona Legal Women And Youth Services

The ALWAYS Mission Statement

The ALWAYS mission is to open the doors to justice for Arizona's vulnerable young people and human trafficking survivors. We achieve this by providing no-cost legal services and advocacy for our clients, who, historically, are unable to access legal help. With help from ALWAYS, they can receive the justice they deserve. Working through referrals from our social service partners, we help clients address legal barriers that stand in the way of safety, stability, and self-sufficiency.
